I concur that this will be a Federal Enforcement issue. Bruce I don't know if they will be in the Tucson Mountain area or not but wanted to assure you knew about it.

Correct – statutory enforcement for what is advocated would fall under jurisdiction of Federal authorities. Spirit of communication strictly as FYSA (context) for Ajo and Green Valley regions.

Thanks Captain.

Just confirming we have no plans to arrest anyone for any state law violations, correct? I can't think of anything under our authority that would apply for stocking water caches. If an arrest is made, probably should be by USBP, right?

Captain John Stuckey
Commander, Patrol Division

Good morning John.

FYSA, I understand that No More Deaths is planning a #FloodtheDesert campaign, August 3-6. Planning to join with humanitarian aid workers who provide food and water in the desert and together resist government repression of this life-saving work - direct action to participants is to assert the right to save lives by stocking water caches, risk the same charges facing No More Deaths activists seeking people willing to face misdemeanor charges, willing to contest those charges on the grounds that saving lives is never a crime.

<https://uucsj.org/faith-floods-the-desert/>

Thanks John.

Rob.
